

Clarence Landcare Inc.
Authority to Enter Private Property
Landholder Release Form

Project : Clarence Biodiversity Seed Resource Support Project

I (*Print Name*) _____ of (Print property address) _____ grant Clarence Landcare Inc. staff or approved and fully insured contractors the right to enter property owned or controlled by me for the purposes of collecting native seed/cuttings.

The way in which Clarence Landcare Inc. may need to access property and collect seed, but is not limited to :

- Weekdays Monday to Friday and occasional weekends Saturday to Sunday (with at least 7 days notification and approval by landholder prior to access)
- Vehicle access and use including 4wd
- Locating Suitable Tree Species
- Use of specialised equipment such as loppers, ladders or other climbing apparatus
- GPS Coordinates of suitable species being collected

In collecting seed, all collection will be undertaken with strict adherence to Clarence Landcare Incorporated “Seed Collection Guidelines” and specifically no more than 20% of available seed resource from any one specimen/plant will be taken.

In accordance with the Work Health & Safety Act 2011, prior to commencing any activity in the field Clarence Landcare Inc. staff and contractors will undertake a WHS Risk Assessment to ensure any risk of injury to workers is minimised or avoided.

Clarence Landcare Inc. hold all relevant insurances for staff and all Contractors engaged during the course of this project will also hold their own relevant insurances. A copy of these will be kept at the office of Clarence Landcare Inc.
